

May 7, 2025

Mr. Stathi Marcopulos
President, Beta Theta Pi, Gamma Nu
581 Gayley Avenue,
Los Angeles, CA 90024.

Dear Mr. Marcopulos,

On April 30th, 2025, the initial meeting took place to review allegations that the Beta Theta Pi Fraternity violated the IFC Risk Policy and Bylaws Section 6.1 (Federal & State Law), Section 6.3 (Alcohol), Section 6.4 (Common Source of Alcohol), Section 7.6.D (Bruincard Scanner), Section 7.6 Checklist #1, 2, 4 (Guest Roaming and Party Setup), Section 7.6 Checklist #5 (Drunk Tank Policy), Section 9.8 (Third Party Security and Bartenders) with incidents on or around April 3rd, 2025 and January 23, 2025. Based on the totality of the information available and disclosed during the meeting, there is sufficient evidence to find the fraternity responsible for the alleged incidents. Due to your acceptance of responsibility, the following sanctions will be enacted for both events and cases, as similar infractions and issues occurred in both cases:

1. Disposal of Excessive Alcohol: To minimize all risks occurring at in-house events and to ensure future compliance and safety, the Beta Theta Pi Fraternity is required to dispose of the excessive alcohol outlined in the initial meeting. This requires excessive alcohol to be removed from the chapter premises. Any future reports or incidents regarding this excessive alcohol that showcase improper disposal or a failure to dispose of the excessive alcohol will result in more severe disciplinary actions.

2. Two-Week Minimum In-house Event Restriction: The Beta Theta Pi Fraternity will be on an In-House Event Restriction for 2 weeks and until the following Sanctions (Sanctions 3, 4, and 5) have been completed with the approval of the Chief Justice. If two weeks have passed (Wednesday, May 21st) and not all below Sanctions (Sanctions 3, 4, and 5) have been completed and approved by the IFC Chief Justice, then the in-house events restriction will still be in place. This restriction does not apply to out-of-house events.

3. Written Documentation of Chapter Presentation: The Beta Theta Pi Fraternity must hold a workshop with the Chapter to discuss risk management within the Chapter. This workshop should discuss Risk Management topics, including but not limited to, IFC Policies and Procedures, requirements of registered events, safety regulations within the chapter facility, proper identification checks, guest safety, and the chapter's risk management procedures. The presentation and material to be given at this workshop shall be sent to the IFC Chief Justice before the workshop occurs to ensure a thorough educational process. If the workshop occurs without pre-approval, it shall be required to be repeated with pre-approval. This workshop must

be attended by active and new members for a minimum of 80% of the chapter's total membership. Please submit an outline of the presentation and discussion, as well as any information given out, with an attendance sheet, to the IFC Chief Justice by Wednesday, May 28th, 2025. All materials sent to the IFC Chief Justice are subject to his approval if the quality of the items satisfies the required sanction. If the presentation does not take place by the provided date, the In-House Event Restriction will continue to apply until the presentation takes place.

4. In-House Risk Management Procedure Document: The Beta Theta Pi Executive and Risk team is required to compose a document pertaining to a thorough plan regarding the Risk Management for all future in-house events. This document shall be an in-depth preparation document containing, but not limited to, party set up, drunk tank policy, sober monitors, third party bartenders & security, and regulation of movement to non-party spaces in the house. This document is required to be sent by Wednesday, May 21, 2025 and shall be discussed in the Chapter Presentation described in Section 3.

- a. Approval Of Risk Management Document:** The sanction regarding the Risk Management Document described above shall be completed when it has been sent and approved by the IFC Chief Justice, IFC VP of Risk Management, and the Beta Theta Pi National Fraternity. If this document is not approved by all 3 listed parties, the in-house event restriction will remain in place.

5. Mandatory Pre-Event Risk Meetings: For 10 weeks, starting after Beta Theta Pi hosts their first in-house event after the restriction in Sanction 2 is complete, the Fraternity must hold and document internal risk meetings before every in-house event. These meetings should include any Chapter leadership, risk management chairs, and designated sober monitors who will be responsible for risk management during the party. These meetings should discuss IFC and Beta Theta Pi risk policies, especially pertaining to the risk management document described in sanction 4 and what additional policies are enacted for the specific event. This document will detail the responsibilities of the risk team, and strategies for the risk team to follow at the party. Minutes from these meetings must be documented and submitted to the IFC Chief Justice and IFC VP of Risk Management no later than three hours prior to the documented starting time of the event. Failure to submit this information will result in the event being canceled.

Should you want to follow up on the request, or need assistance moving forward please do not hesitate to ask. We appreciate your cooperation in closing this matter. If you have any concerns moving forward, please let us know.

If you should decide to appeal these sanctions, the request must be made within 5 business days of receiving this letter. The request should be sent to the Chief Justice and Richard Barreto.

Please do not hesitate to contact me with questions or concerns. I can be reached at chiefjustice@ifcucla.com at your earliest convenience.

Sincerely,

C. Hempstead
